TURISMO XLS

INSTRUCTIONS & CARE MANUAL

WWW.OUTDOOR-REVOLUTION.COM

UNIT 1 BRICK PARK
BRETFIELD COURT
BRETTON STREET INDUSTRIAL ESTATE
DEWSBURY
WEST YORKSHIRE
WF12 9BY

IMPORTANT: PLEASE CHECK YOUR EQUIPMENT

1 X FLYSHEET (OR OUTER)

3 X POLES

1 X GROUND SHEET

1 X BAG OF PEGS

1 X REPAIR KIT

1 X CARRYING BAG

We highly recommend that you insure your awning against storm damage or accidental damage, as the warranty does not cover such eventualities. The manufacturer IS NOT liable for any damage caused to the awning or its contents because of misuse, incorrect pitching or extreme weather.
(Full warranty details are at the back of this booklet)

THE WARRANTY (CONTINUED...)

- Flaws in the fabric caused by excessive use
- Imperfections and pulls in mesh doors due to wear and tear
- Water ingress through fabric as a result of UV degradation
- Water ingress through seams caused by excessive abrasion of seams or taped seam
- Broken zips caused by over tensioning, forcing or snagging
- Over tensioned/stretched seams coming apart
- Buckles subjected to undue force or abrasion
- Lost/popped out eyelets
- Broken holdalls
- Pole breakages or tube punctures (where applicable)
- Collateral damage from a pole breakage
- UV degradation
- Condensation, (a natural occurrence, exacerbated by insufficient ventilation opening)
- Consequential damage/loss to property/belongings (either inside or outside of the product) or shortening of holidays

Outdoor Revolution work very closely with our retail partners to manage all warranty repairs/issues:

****Please contact your retailer immediately (even if purchased online) if you feel your Outdoor Revolution product has a genuine warranty issue. The retailer, in turn will raise the issue with ourselves and we will action; with the retailer, according to the nature of the claim.**

****Please ensure the product is clean and dry and as close to its original condition as possible before sending back for checking.**

****Wet or dirty products will not be accepted back for checking/warranty claims.**

**** It is important to note that the Sales Contract between yourself and the retailer you purchased the Outdoor Revolution product from, remains valid throughout any warranty claim and your statutory rights are not affected.**

OUTDOOR REVOLUTION GUARANTEE

Outdoor Revolution products are designed and produced to the highest manufacturing standards. The best quality fabrics and components available are used for each specific item and a rigorous checking process of finished products is in place.

All finished products are:-

- Checked for and are free of minor defects
- Are fit for the purpose/use that they are intended
- Are of a satisfactory quality

It is important that correct care is taken when opening the product, erecting, using and just as importantly, packing away the product. Following these rules will keep your product in reliable working condition for many years. Failure to adhere to these simple guidelines may cause unnecessary damage to the product (see formal instructions for hints and tips on handling/erecting the product). A repair kit is included in the product to help resolve any minor issues.

THE WARRANTY

The Outdoor Revolution Warranty lasts for 12 months from the original date of purchase (please keep all receipts or copies of any relevant transaction to substantiate the purchase date). The warranty only covers workmanship and fabric/components. Any faults found within 6 months of purchase will be investigated by Outdoor Revolution. Faults found outside of the initial six months of purchase will need to be proven by you the purchaser, in line with current consumer legislation after the short term right to reject has ended.

Retailer will not refund a purchase if no fault is found.

Product warranty must be registered **BEFORE** use via www.outdoor-revolution.com and as soon as possible from the date of purchase.

The manufacturer's warranty does not cover the following:-

- General wear and tear over extended periods of use or seasonal pitching of the product
- Accidental damage caused by but not exclusive to, humans, animals or weather

IMPORTANT INFORMATION

- ◆ Please do not leave for your holiday without fully erecting and checking you have all the contents for your awning. If you are missing anything please contact your retailer immediately before use.
- ◆ Please also note that manmade fabrics are prone to condensation when the warm air and moisture inside the awning comes into contact with the colder outside of the awning fabric. You may also experience condensation in the tube sleeves. This is a perfectly natural occurrence and should not be confused with leaking. Ensure all Vortex Vents are open whenever possible to help combat condensation.
- ◆ Ideally erect your awning for some period before use - allowing it to weather. 'Weathering' can take a few uses of the awning before it is fully effective. Seam sealant can be used to solve any persistent weeps. This process is completely normal.
- ◆ Make sure before erecting, that you site the awning on clear level ground with no sharp objects underneath and that all the zips are fully closed. (We recommend laying a groundsheet down to keep the awning dry and clean).
- ◆ We suggest conducting a trial run of your awning to familiarise yourself with the set up and use of the awning. If you have any issues relating to pitching your awning please contact your dealer for help before going on holiday.
- ◆ Please note this awning is designed as a 'touring' awning and not for permanent pitch.
- ◆ After use always dry and air the awning before packing away to prevent mildew or mould.
- ◆ Any dirt or stains can be removed by brushing or gently washing with warm water. DO NOT use detergents as this will destroy the waterproofing on the fabrics.
- ◆ DO NOT cook or smoke in this awning; although the outer fabric is flame retardant treated it will still melt.
- ◆ In the event of damage; please contact your retailer. If for whatever reason you are unable to contact them please email cs@blue-diamond-products.co.uk and our customer service team will be happy to assist.

PLEASE READ THE INSTRUCTIONS CAREFULLY

TIP: Refer to the photograph to help when pitching your Turismo XLS

1. Spread the flysheet out on the ground next to your vehicle with the cowl side laying parallel to it.

2. Take the awning piping and slide it through the awning channel until the awning is in the desired position on the vehicle. We recommend someone else holding the flysheet up whilst you do this.

3. Peg down the four corners of the flysheet to keep the awning in place.

4. Locate the two poles and erect them. Feed them through the two sleeves in the awning material to make a cross through the roof.

5. Insert the pin from the ring and pin in to the bottom of each pole on each corner of the awning. The awning should now stand up.

6. Locate the third smaller pole and thread this through the sleeve on the bedroom. Insert the pin from the ring and pin in to the bottom of the pole.

7. Peg down all the remaining pegging points around the awning.

8. Finally, peg out all the guy lines to provide additional support to the awning.
